

Bomb calorimeter

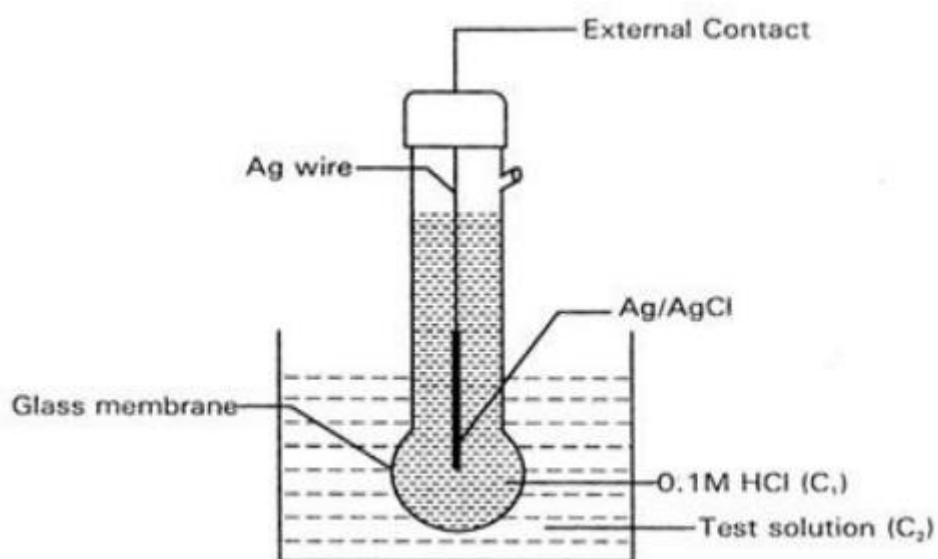

Fluidized bed catalytic cracking:

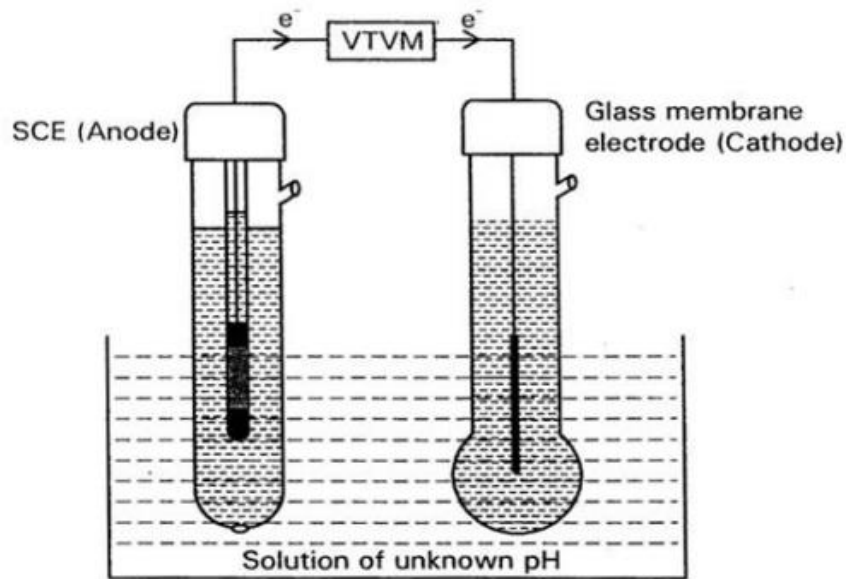

Working of Photovoltaic Cell:

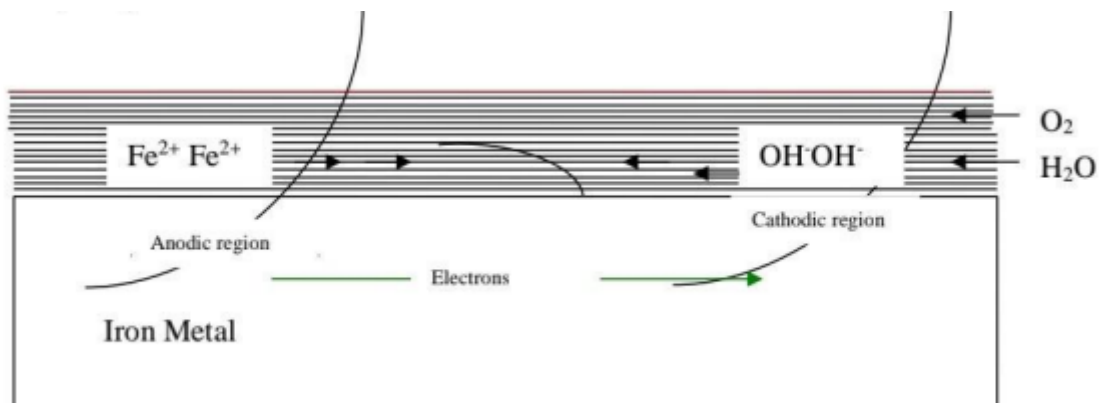

Calomel electrode

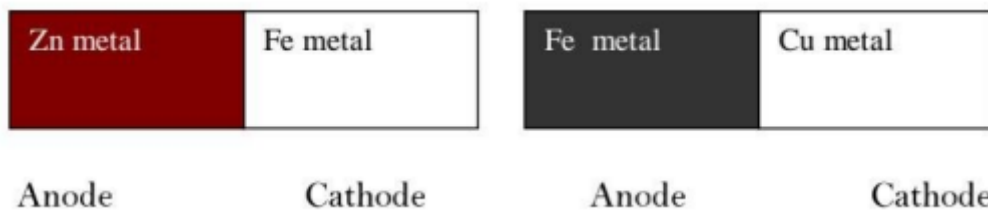

Construction of Glass electrode

pH of unknown solution using glass membrane electrode

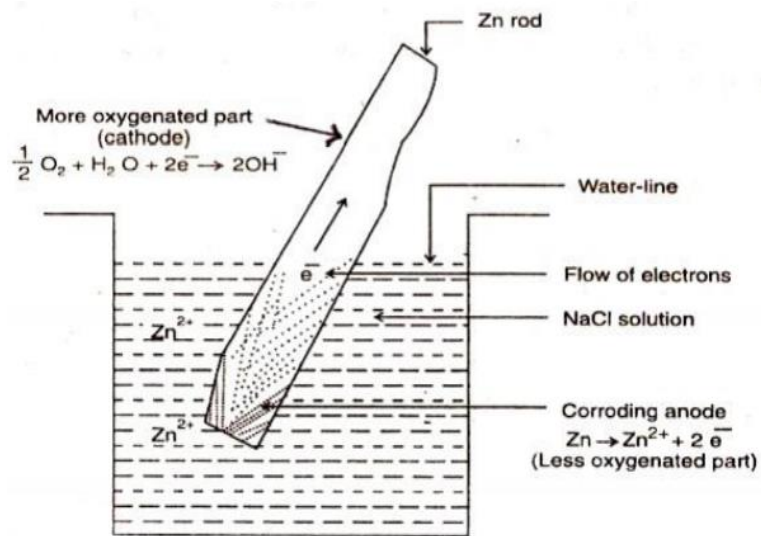

Rusting of Iron

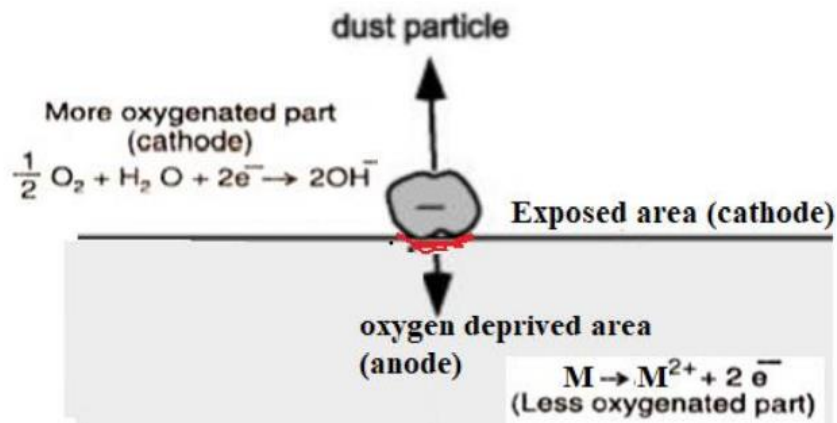

Differential metal corrosion

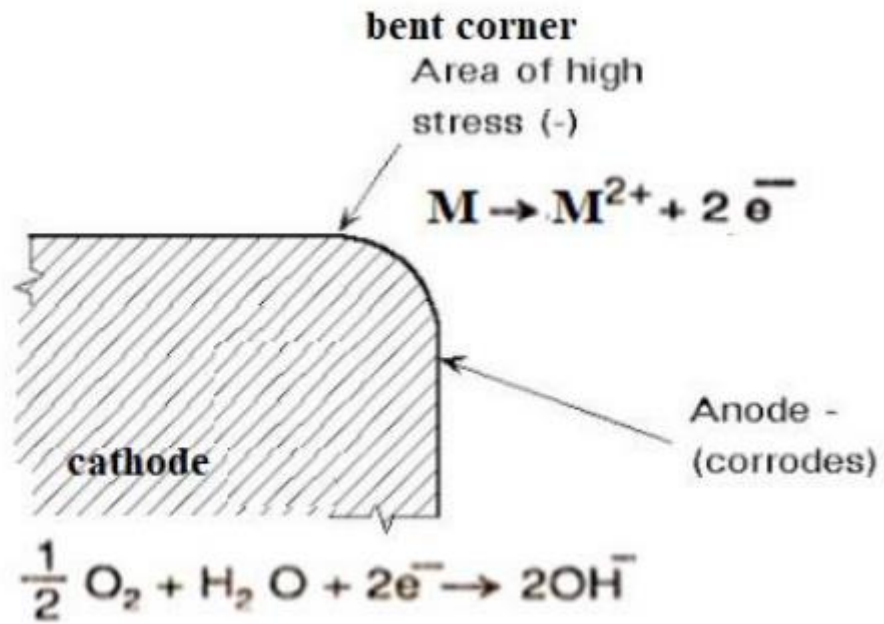

DIFFERENTIAL AERATION CORROSION

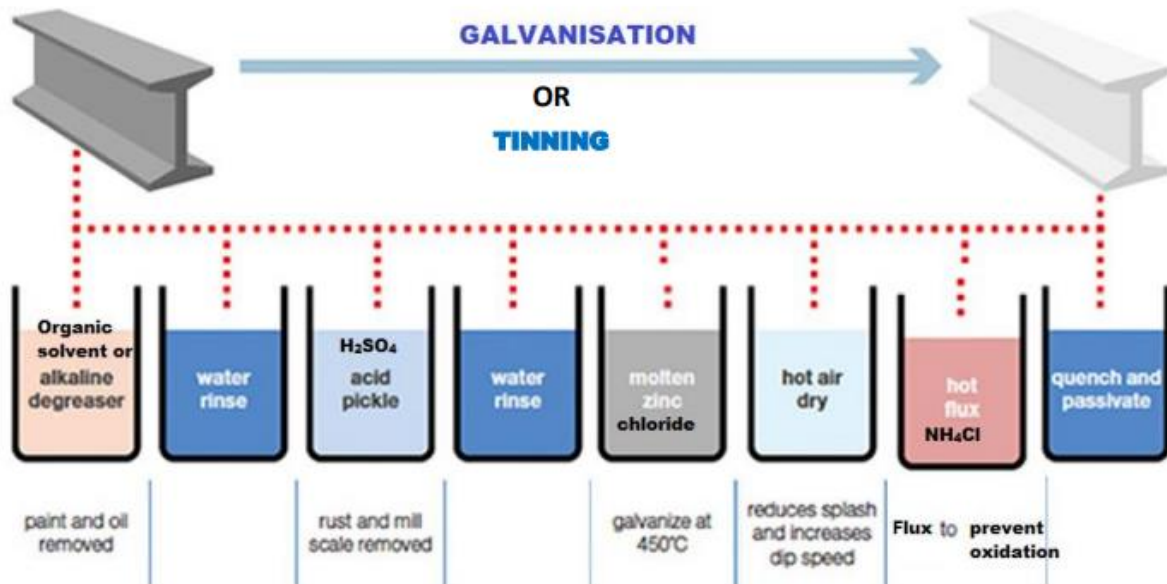

Water line corrosion(ex for differential aeration corrosion)

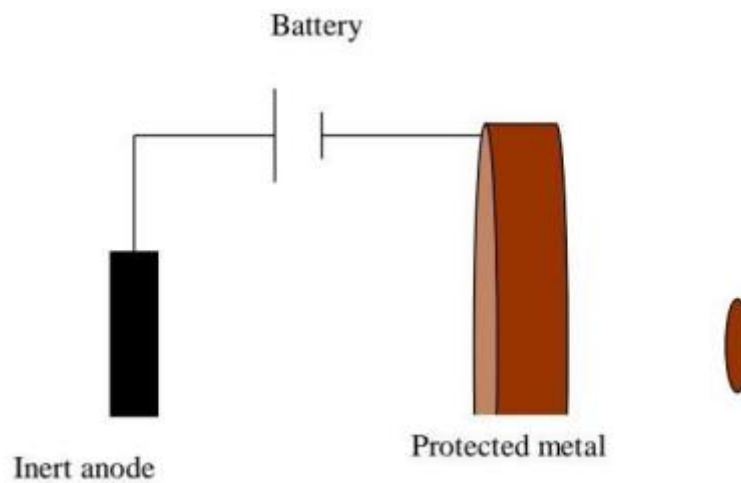

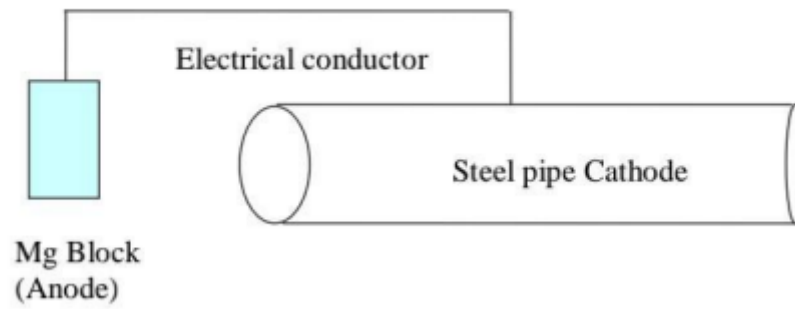

Pitting corrosion(ex for differential aeration corrosion)

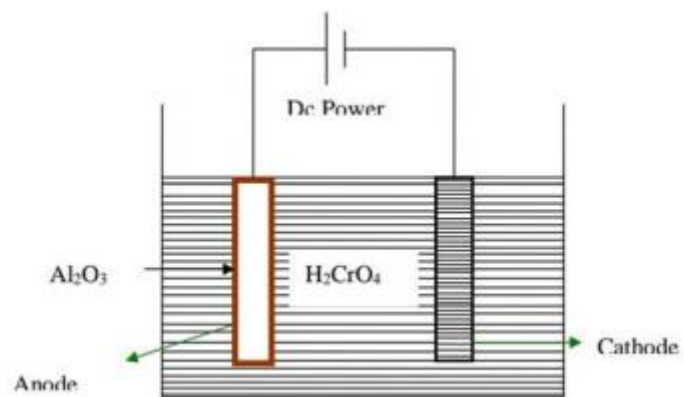

Stress corrosion

Sacrificial anode method:

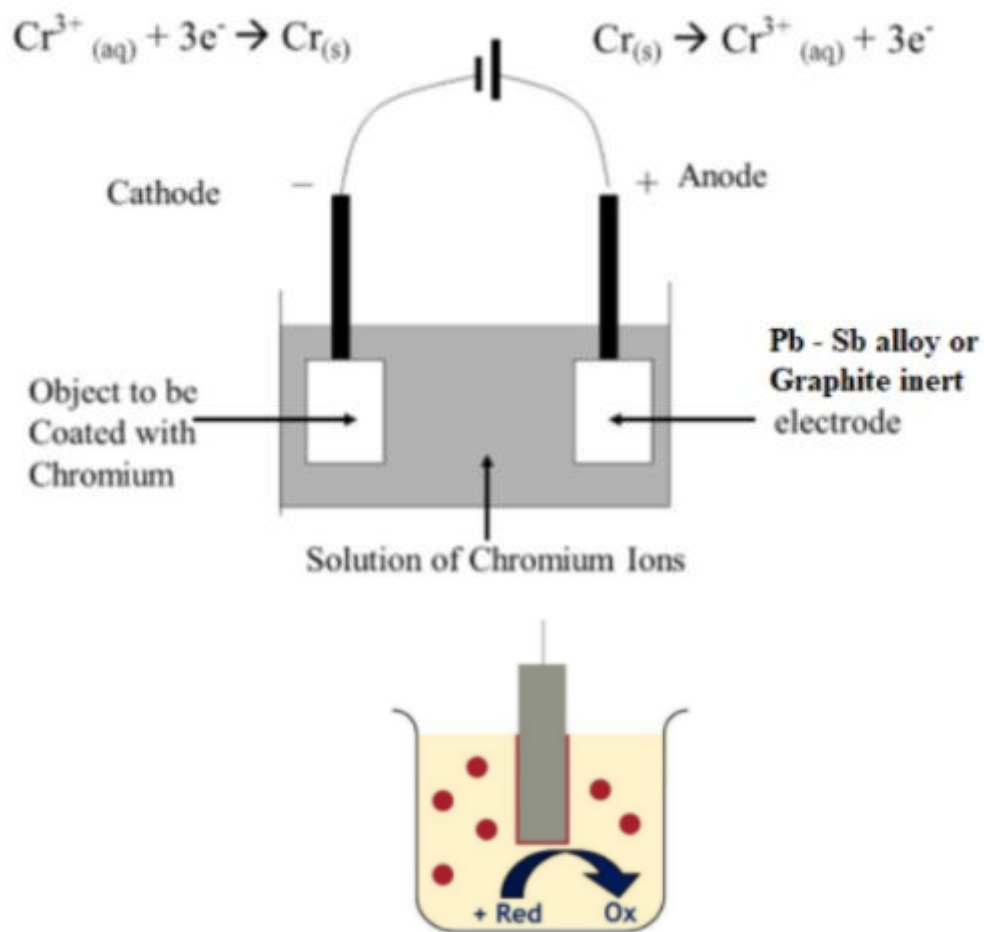

Impressed current method

Anodising

Electroplating of Chromium using Electrolytic cell

Electroless plating

Double Layer PCB
